Features and uses

Pack of 50 RDS CAL 2025 User licences - assigned to named users.

The User model allows a licensed user to access RDS sessions from different devices.

Remote Desktop Services access licences do not include Windows Server or base Windows Server CALs.

RDS CAL 2025 supports session hosts of the same or earlier version; the licensing server must support the CAL release being installed.

Requirements and compatibility

Before purchasing, check the exact edition, platform, architecture and manufacturer requirements for the operating system, CPU, RAM and disk space. Back up your data before installation.

Installation instructions

Check edition and platform compatibility with your environment.

Use the installer and instructions supplied for the purchased variant.

For questions about the purchased licence or the supplied instructions, email LicenceWorld with your order number and the activation message, if applicable.
